OUR REF: GMA/JS

Dear Sirs,

We have pleasure in enclosing a copy of our 1968 Catalogue combined with price list. We trust this will be useful to you, and help you promote the sale of Davidson's products.

Should you require any further copies, please return the tear-off slip, duly completed.

Yours very truly,
Geo. Davidson & Co. Ltd.

LONDON SHOWROOM: THE GIFT TRADE CENTRE, Stand No. 10, Caxton House, Farringdon Road, London, E.C.1

Telephone: 01-253 3311-6

The following pages show the products of a century of service and experience in the manufacture of domestic and industrial glassware. This Company has now amalgamated with Abrahams & Co. Limited of Birmingham, manufacturers of "Brama" plated giftware, and the resulting combination of traditional know-how coupled with modern methods of production and packing has enabled us to increase our range, and in many cases reduce our prices.

The notes below are for the guidance of customers in using the page-by-page price list.

All items shown are individually boxed or sleeved—and then packed in outer cartons. Where stated, lines are also "Shrink Packed"—that is, packed in a skin tight clear-film gift pack on a brightly coloured base board, as illustrated on page 12.

Under the column "Standard Quantity" is shown the minimum ordering quantity in any one colour.

Colour range is: Flint, light blue, sapphire blue, midnight blue, smoke and ruby. Prices for each colour are the same, excepting ruby, which is shown in a separate column.

When items are required drilled or in obscured finish, the following charges are extra to the prices already quoted in price list:

Drilling—6d. per hole extra.

Obscuring small dishes or plates—4d. per item extra.

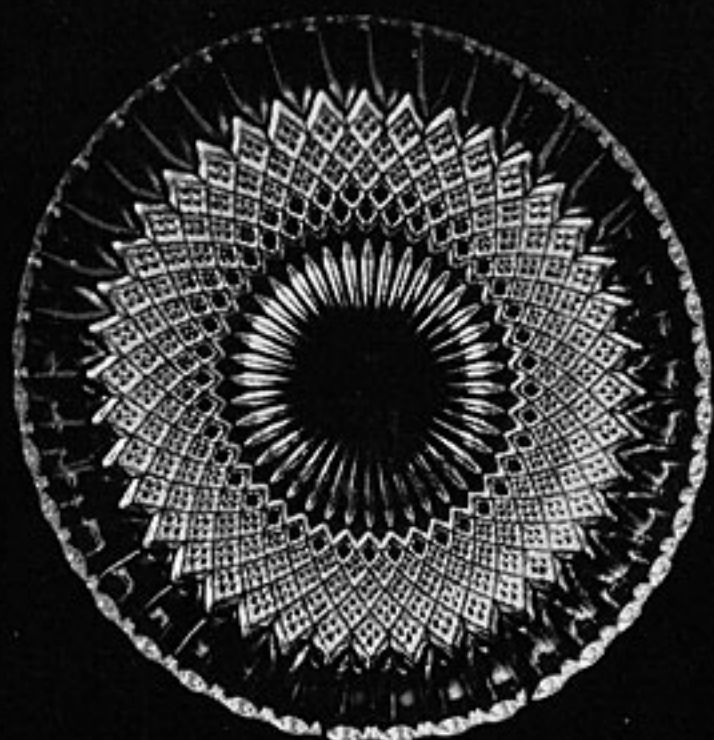

Obscuring large dishes or plates—7d. per item extra.

Prices for lines and colours not illustrated in catalogue will be quoted on application.

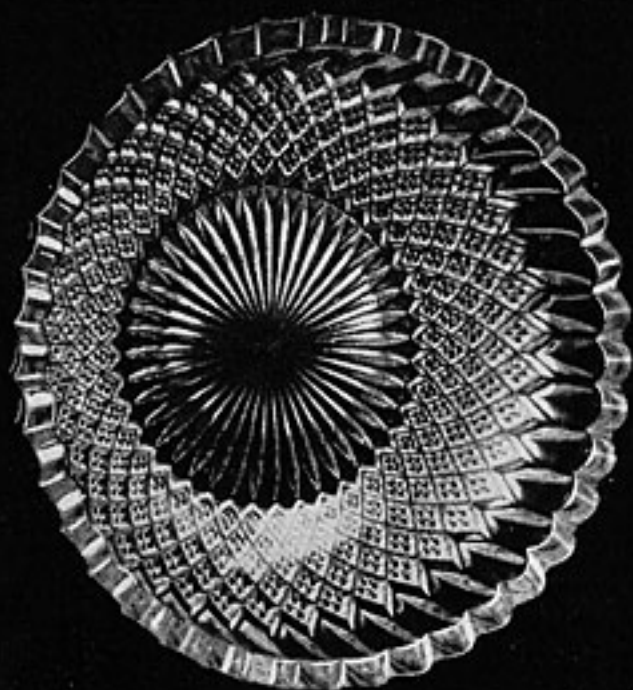

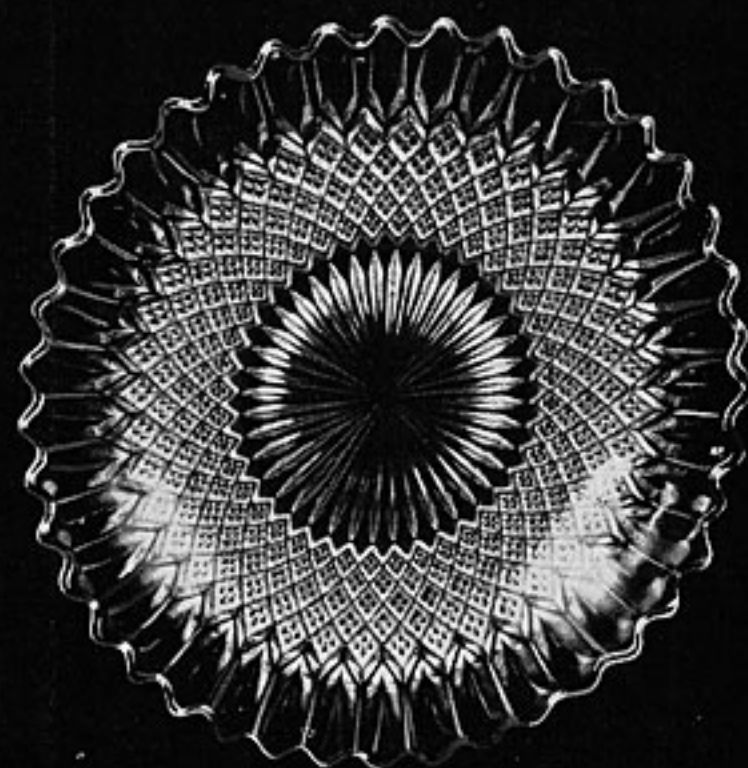

Pages D1 to D2 at the end of the catalogue show a selection of our mounted range of Davidson glass combined with "Brama" plate. The plating is fully guaranteed, and all plating finishes, including silver, are deposited on a nickel undercoat which is in accordance with the provisions of British Standard 1224/59 for maximum durability.

We are suppliers of glassware to the wood mounting and plate mounting trades; enquiries are invited for this type of glassware, and also for industrial items manufactured to your own specifications.
